

Anne Morrow Lindbergh: Her Life

Susan Hertog pierces the public image of Anne and Charles to reveal their story from inside the marriage and gives us a true understanding of the author of the bestselling classic *Gift from the Sea*. Hertog plumbs the depths of Annes search for her own identity and vision as she struggles to remain faithful to her marriage and to motherhood. This is the story not only of a brilliant writer but also the anatomy of a marriage, the journey of a young bride who overcame the pressures of fame, personal tragedy, and social constraint to find answers that continue to illuminate the lives of women today.
