

Sir Dudley Tinklebutton and the Dragons Lair (Rosehaven, The Dudley Diaries Book 1)

Sir Dudley is a shining example of true knightliness- he is always chivalrous to the ladies (provided they are young and attractive), he keeps his boots polished at all times (his squire's job), and he never says no to a free drink (he deserves it). He has the perfect career- until one day when he steps foot in Candon, a battered village, besieged by a vicious dragon. Unable to figure a way out of the situation, Dudley soon finds himself face to face with the most deadly creature known to man. Sir Dudley Tinklebutton and the Dragons Lair is a comedic fantasy/adventure. While intended for audiences 8-14 years of age, there is plenty of fun for adults as well!
