

Gullivers Travels (Bilingual Version of English And Chinese) (Chinese Edition)

From the preeminent prose satirist in the English language, a great classic recounting the 4 remarkable journeys of ships surgeon Lemuel Gulliver. For children it remains an enchanting fantasy; for adults, a witty parody of political life in Swifts time and a scathing send-up of manners and morals in 18th-century England. This book is the bilingual version of English and Chinese.
