When it comes to healthy cooking, a common misconception is that it takes too long. On those nights when takeout sounds tempting, turn to this cookbook. This collection of 70 delicious recipes will help you create a nutritious meal from scratch in no time. Each recipe meets at least one of these two criteria: It requires five ingredients or fewer (excluding water, cooking spray, salt, pepper, garnishes, and optional ingredients); OR It can be prepared in 15 minutes or less. And some of the recipes fall under both. What's more, I will show you that good-for-you ingredients don't have to be pricey. The recipes are simply somewhere to start.
